

The image shows two construction workers from a high-angle perspective on a flat roof. They are both wearing white hard hats and high-visibility yellow safety vests over blue long-sleeved shirts. The worker on the left is holding a large roll of brown material, likely insulation or roofing paper. The worker on the right is holding a tablet computer. To their right, there are several large, rectangular solar panels mounted on the roof. The roof surface is made of light-colored, possibly metal or concrete, panels. The scene is brightly lit, suggesting a sunny day.
